What is GeoBlue Navigator®?

Complete, affordable worldwide coverage designed for NGOs, missionaries and those involved in humanitarian work.

The GeoBlue Navigator health plan meets the needs of NGOs, missionaries and those involved in humanitarian work by offering comprehensive worldwide benefits—inside and outside the U.S.—without the typical limits, eligibility conditions and benefit exclusions common among traditional plans. Unlike plans that limit furlough coverage, GeoBlue Navigator covers stateside tours, delivering the continuity and convenience of benefits that are truly seamless and portable.

GeoBlue Navigator is the premier health plan for missionaries and volunteers because it combines these benefits with concierge-level medical assistance and access to an elite community of carefully selected hospitals outside the U.S. and a network that includes 95% of all doctors and 96% of all hospitals in the U.S. through the Blue Cross and Blue Shield Network. GeoBlue Navigator gives NGOs, missionaries and volunteers peace of mind, knowing they always have the freedom to access top medical care and benefits no matter where their work takes them.

Complete, affordable
worldwide coverage

Meet GeoBlue, an experience well beyond that of traditional health insurance.

GeoBlue provides unsurpassed service and the convenience of mobile technology to access the best medical care no matter what town, country or time zone.

Easy Access to an Elite International Provider Community

GeoBlue has an elite network of doctors from most every specialty ready to see you in over 190 countries. Only a small fraction of doctors around the world meet GeoBlue's exacting standards—participation is by invitation only. We seek out professionals certified by the American or Royal Board of Medical Specialties who speak English, and we factor in recommendations from 160 Physician Advisors from all over the world.

We assemble in-depth provider profiles so our members can choose with confidence, and we put formal contracts in place to ensure preferred patient access. GeoBlue doctors and hospitals bill us directly so you don't have to worry about filing a claim.

Accessing care in the United States

Certain GeoBlue plans allow members to access the Blue Cross and Blue Shield Blue Card PPO network within the United States. With BlueCard PPO, you can access in-network Blue Cross and Blue Shield doctors and hospitals across the U.S. so you can get the care you need when you need it. BCBS has built direct relationships with an expansive network of more than 1.7 million in-network providers, spanning every zip code in the United States. That's more board-certified doctors than any other health insurance company. While you can choose to see any provider you want, both in- and out-of-network, you'll typically pay less when you go to a provider in the Blue Card PPO network.

Emergency Evacuation and Centers of Excellence

GeoBlue coordinates emergency services with a worldwide network of contracted Regional Physician Advisors as well as air ambulance operators selected for their safety records. Members in need of life-saving medical intervention are treated in Centers of Excellence in the U.S. and around the world whenever possible.

Around-the-Clock Assistance Call Center

GeoBlue provides a 24/7/365, toll-free call center to assist GeoBlue members with everything from routine requests to medical emergencies. The GeoBlue staff has years of experience with international medical assistance and has close working relationships with our International Provider Community.

Unsurpassed Member Services

Direct Pay—Paperless, Cashless, Convenient

GeoBlue members can avoid paying out of pocket for care by using Direct Pay. Through this service participating providers outside the U.S. bill GeoBlue directly for covered medical treatment. We suggest requesting Direct Pay 48 hours in advance of your appointment.

Personal Solutions

GeoBlue Navigator members enjoy a full range of personal solutions. Your online tool kit allows you to check medical symptoms, understand your health risks and access personalized prevention and wellness recommendations.

Informed Choice—To Get the Care You Need

If members experience unanticipated medical problems, they can request local, regional or global treatment alternatives through the Informed Choice service.

GeoBlue Travels with You

While traveling across the globe with the GeoBlue Mobile app, members can quickly and conveniently find and access quality care using your mobile device.

Global TeleMD™

In addition to the worldwide network of healthcare professionals available through the GeoBlue health plan, we've teamed up with Teledoc Health to bring members Global TeleMD, a telemedicine smartphone app that provides unlimited, 24/7/365 access to doctor consultations by telephone or video, at no additional cost. Doctors are available within and outside the U.S. Prescriptions may also be provided, as appropriate (subject to local regulations).
